

JAYPEE PUBLIC SCHOOL, NOIDA ADVENTURE CAMP (2018-2019)

“Life is an adventure, not an all-inclusive retreat”

The expedition of learners through an academic session is incomplete without the extra – curricular fun activities. We at, Jaypee Public School, had conducted a day long adventure camp in association with Rocksports at IIIT, Sector-128 for the students of Nursery to VIII, X and XII on 25th March, 2019.

The teachers as well as the learners reached the venue with a lot of enthusiasm. The activities included Zip line, Hippy Hop Race, Trampoline, Rope ladder climbing, Trazan Swing, Hop Scotch, Zorving Ball, Tug of war, Crocodile pit, Commando net, Tent Pitching, Burma bridge, Laser beam, Commando crawl, Body wave and even Fun Games which brought out the creative urge in the learners.

The instructors demonstrated how the activities should be conducted and the learners were quick to absorb them. They showed great determination in mastering the myriad challenges laid out to them. Some were quicker than the others and some were cautious of each step they took. The girls and the boys displayed equal enthusiasm. Moreover, it was an extremely heartening to see the learners showcasing discipline and sincerity in following the rules while conducting those activities.
