

Career Fair

A Career Fair was organised by “Study in United Kingdom (SI-UK)” on 27th September’2019 from 10:00 am to 11:00 am for parents and students of classes X-XII. Career fair included representatives from eight Universities of United Kingdom like University of Bristol, University of York, University of Brunel & so on.

The fair gave a chance to parents & students to interact with representatives of UK Universities, discuss types of scholarships offered by them and understand the application process for various UK Universities. The fair was highly beneficial for students interested to study abroad.
