

SPECIAL ASSEMBLY ON GOOD TOUCH AND BAD TOUCH

The Monday morning assembly ie. on 15 July, 2019 was conducted on a very sensitive topic "Good" touch and "Bad" touch, was indeed very special. An animated movie "Komal" along with a skit, was organised to describe what kind of touch is good and what is bad.

Students were told about the most basic safety rules which are necessary to be shared naturally in our daily lives like Initiating Safe Touch Conversations, Identifying the Private Parts, how to trust their instincts and Understand warning signs, avoid any secrets, Social Media and Electronic Usage should be under adult supervision. Any inappropriate touch and bad experience must be reported to someone in their safety network without any delay.

They were explained that they are the 'boss of their body' and they do not have to kiss or hug a person if they don't want to. They were made to understand that we all have a 'body boundary' and no one can interrupt it without our permission.

Thus, it was an informative session for all the students!!
