The idea of harvest and its relationship with festivity was conveyed with great exuberance.

An essay writing Inter House Competition on ‘Harvest Festivals celebrated across the world’ was organised for the students of class VI. The students of each house acquired knowledge about Harvest festivals of India and their partner countries. Students participated actively in the competition.

The ‘Theme Board’ activity was conducted for the students of class VII, wherein the students of each house made ‘One House Theme Board’ depicting the harvest festivals of one country allotted to them. Through these activities the students were able to develop a sense of respect towards the festivals celebrated during the harvest season of the three different countries. Hence the feeling of oneness and togetherness was inculcated among all of them.
