

## CYBERMATICS & ART EXHIBITION 2023

With a notion to implement productive methods of teaching and learning and to provide an apt platform for the students to showcase the impressive array of exhibits, Jaypee Public School, Noida organized “**Cybermatics & Art Exhibition**” an integration of Mathematics, Information Technology and Art on 21 January 2023.

Learners from grades Pre-Nursery to XII enthusiastically participated in the exhibition, displaying wonderful working and non-working models on various topics. Mathematical and IT projects were displayed through models, theatre, dance, charts and games. The art team displayed different types of artworks, including canvas paintings, collages, craftwork, bottle art, emboss painting, bamboo craftwork, calligraphy and many more.

The most significant moment of this auspicious day was the unfurling of the portrait of Hon'ble Founder Chairman Shri Jaiprakash Gaur Ji, concocted by one of our students Ashwati Chakravarty of Class IX by Cdr. S J Singh, President Education, Jaypee Group and Principal, Ms. Anjali Malik.

The visitors were amazed to see the exhibits curated by the students integrating the concepts of Mathematics and IT alongwith Art and appreciated their eye for detail and vigour to explain the nuances of the subjects in a very simple yet effective manner.
