

## Jaypee Public School, Noida

### Internet Safety Workshop by Jaago Teens

Internet safety for kids is a topic getting much attention because children are being exposed to the Internet at a younger and younger age. JPS, NOIDA has organized workshop on Internet Safety in association with “Jaago Teens” on 10-08-2018. “Jaago Teens” is an NGO that works to promote safe Internet usage in the society. So far they have conducted more than 250 workshops and addressed over 80000 plus students. It was great learning experience for JPS students.

The workshop began with the following prayer on Internet Safety:-

मन की शक्ति तन की शक्ति हमें दे परमात्मा  
जब मोबाइल हाथ में हो उंगलियाँ ठीक रास्ते पर चले  
ना कुछ गलत लिखे ना कुछ गलत पढ़े  
बाद में न हो कठिनाईयाँ ।  
मन को इतना विश्वास दे परमात्मा  
न किसी का पासवर्ड ले और  
ना ही किसी को दे  
ठीक रहा पर चले  
इतनी सुबुद्धि दे परमात्मा ।  
कंकड़ पत्थर छोड़ कर मोती चुनने  
का गुण हमें दे परमात्मा ।

Later on, very sensitive aspects of Internet Safety like choosing secure password, secure browsing, Identity theft, Pros and cons of social networking sites and what to do when someone is victim of cyber bullying were discussed. Overall, the workshop was very informative.
