

## **ISA ACTIVITY: TOGETHER WE CAN MAKE A DIFFERENCE**

Jaypee Public School, Noida is firmly determined to transform each and every student into global denizen of tomorrow. British Council's International School Award is an ambitious measure adopted by the school and the outcomes are phenomenal. Under this drive, the school has undertaken seven progressive projects approved by British Council. In this regard JPS, Noida had organised an 'Inter House Scrapbook Making Competition' for class VI on the topic "TOGETHER, WE CAN MAKE A DIFFERENCE" on 18th July, 2019 as a part of the ISA activity. The students touched upon various global issues like global warming, poverty, pollution, right to education and sustainable development goals. The students were well aware of the global issues with reference to our partner countries Nepal and Bhutan.

The Mock UN, JPS Model United Nations 2019 (JPSMUNC 2019) that was organised on 20<sup>th</sup> July, 2019 provided a global platform to resolve global issues. This activity was organized by the students where they simulated the UN, which was based on two agendas - undertaken by UN agencies such as United Nations General Assembly on Population Control, United Nations Human Rights Council on Right to Privacy and International Press with a team of Journalists, Caricaturists and Photographers. Special emphasis was given to the schools of Nepal and Bhutan along with India. Some students also chaired the role of Secretary General, Director General, President and Vice President for each of the committee that ensured peaceful discussions, deliberations and the outcomes in the form of draft resolutions at the end of the session. The team of International Press recorded the delivery and prepared the evidences of the sessions and the students of Logistics Team coordinated the Conference in a well organised manner that ensured smooth functioning of the sessions. Thus, it turned out to be a very successful event that aimed to eradicate the global issues to their core.
