

## **JAYPEE PUBLIC SCHOOL NOIDA**

### **ORIENTATION PROGRAMME: *Time for prerequisite awareness***

In today's competitive world, to foster a child's progress is a joint effort of parents, teachers and school. Keeping this in mind, an orientation programme was organised in various sessions by Jaypee Public School, Noida.

Parents play a key role in building not only an empowered home environment but also a powerful school environment. With this objective, the school organized an orientation talk on 16th march' 19 for the parents of class X and XII students. The programme aimed at acquainting the parents as well as the students with the changes and important guidelines for the forthcoming academic session. The session began with the warm greetings of the principal, Mrs.Anjali Mallik who took the opportunity to express her gratitude to parents for continuously providing the inputs aiding in improvisation and evolution of the institution. She further enlightened the gathering by elaborating the motto of the school, "Humility enhances Excellence." The school counsellor's suggestions for the parents were very handy as they dealt with day to day interaction with their children. The subject teachers from various streams like Medical, Non- medical, commerce and humanities shared the syllabus and means through which a child could score better in board examination.

The orientation programme for the new parents of classes I, III,VI were held in various sessions on 28<sup>th</sup> and 30<sup>th</sup> March, 19 respectively. Where due emphasis was laid upon being regular, dedicated and focused. Parents were suggested different ways to stay connected with the teachers to monitor the progress of their child. Further, importance of positive parenting was emphasized which included spending quality time with children, making them disciplined and maintaining a healthy peer group . An informative presentation on effective parenting and child psychology was conducted by Dr. Vandana Prakash, Psychologist and senior consultant at Fortis Hospital. The programme ended reiterating the importance of being consistent in hard work. The parents also understood the nuances of learning and their corporation in their ward's success.
